Spotlight Employees

To help our tenants get better acquainted with theMART, each month we will feature two exemplary employees that you may encounter on a regular basis, feel free to say hello to them when you see them!

Dennis Sellers
Chief Engineer
Engineering Department
35 years

Dennis is the Chief Engineer for the Engineering Department at theMART. Dennis and his team are responsible for taking care of the HVAC and fire sprinkler system within the building. He stated that his overall goal is to make sure that tenants are comfortable. In addition, he also oversees the installation of the new fan systems and the upgrading of the fire system. Dennis lives in Dolton, IL and is the father of two children. His son lives in Kansas and has three children where he is a lieutenant with the fire department. His daughter lives in Arizona with her son where she works in the medical field. In his free time, Dennis likes to visit his children and grandchildren as often as possible. He also loves to cook, always trying to recreate his mother's recipes. He believes that after 35 years at the Mart that he and his crew have made this building a better place.

Dave Coppage
Dock Worker
Materials Handling Department
24 Years

Dave Coppage is a Dock Worker with the Materials Handling Department. Dave has worked at theMART for 24 years. Some of his duties include unloading trucks and making sure merchandise goes directly to the tenants. Another one of his tasks is working with staff to set up for trade shows. At times, he can be found assisting tenants with moving items from their floor to the trade show floor. Dave started at theMART working in housekeeping. After eight years, he moved to the Material Handling Department where he has been ever since. When not at work, he can be found bowling with his daughter or taking trips to Texas to visit his son. Whenever he can, Dave likes to follow the Blues Circuit and travels to the Mississippi Delta, Memphis Tennessee and St. Louis. When not traveling or working, he likes to spend time with his parents in Morgan Park, IL. Dave is a resident of Hazel Crest, IL where you can find him dining at restaurants in the area, his favorite cuisine being Italian. When asked what his daily motivation is, he responded coming to work. He feels that he is coming to a place to work with family not coworkers.
